WHAT IS KS ACADEMY

Kaptiva Sports Academy is an **elite residential football academy** located in Barcelona, in Spain, that has been developing players since 2012.

The academy's main goal is to offer a top inclusive annual program to talented players from all over the world, helping them reach their full potential **through a fully integrated football program.**

We believe that training, studying and living in a foreign country is an invaluable experience that helps shape young men into not only better players, but also better people. **The benefits of such an experience will be embedded positively into that individual.**

**“WINNERS DON'T WAIT FOR CHANCES,
THEY TAKE THEM”**

METHODOLOGY

The F.A.S.T. methodology, which stands for **Football Academy System Training**, has been developed over the years through Kaptiva Sports' successful industry experience within international youth football.

FOOTBALL ACADEMY SYSTEM TRAINING

It provides a 360° full immersion in the methodology that creates accelerated thriving results. The team oversees the technical planning of every single drill implemented on the field. **Throughout the season, methodology is divided into various customized long-term plans composed of specific drills to reach determined objectives within the game model chosen.** The program also places importance in educating the local coaches in game analyzing software allowing them to create and digitalizes their own drills.

Our Pro Training is conducted by our UEFA Pro Coaches who provides the unique and successful football methodology F.A.S.T. allowing players to reach their full potential and their goals. KSA coaches will work on those aspects that you need to improve; individually, technically and tactically. The football training methodology implemented by our Technical Staff is based on the principles of the Spanish football methodology.
